

## Cookies Policy

To enhance the User's experience on the <https://www.mobybots.com> (the "Website") run by RenaissanceMinds LLC, a Delaware limited liability company with registered address at 8 The Green STE, Dover, Delaware ("MobyBots"), and to explain how MobyBots uses "cookies". To make full use of the features and services MobyBots offers, the User will need to accept cookies, as MobyBots can only provide the User with certain features by using them. By using the Website, the User agrees to MobyBots' use of cookies as described in the present Cookie Policy.

Like many web-based service providers, MobyBots uses "cookies" in connection with the use of MobyBots' Website. This Cookie Policy provides information about how and when MobyBots uses cookies and other similar tracking technologies on the Website.

To better understand how MobyBots uses the data collected through these technologies, please read MobyBots' Privacy Policy.

### What are Cookies?

Cookies are small text files placed and download in the User's computer's browser used to store information to recognize the User, remember the User's preferences and provide them a more secure online experience.

Generally, cookies are very useful and are a common method used by almost every website to help the User's online experience be as efficient as possible. For security reasons, many websites may not function at all without the use of cookies (or other similar technologies, such as "web beacons" or "tags").

Cookies generally do not hold any information to identify an individual person, but are instead used to identify a browser on an individual machine. Cookies, by themselves, do not let us know the User's email address or other personal information unless the User chooses to provide this information to MobyBots by, for example, registering a form to the Website. Once the User chooses to provide Personal Information to a website, this information may be linked to the data stored in the cookie.

Cookies can be referred to as session cookies or persistent cookies, depending on how long they are used:

- Session cookies only last for the User's online session and disappear from their computer or device when they close their browser.
- Persistent cookies stay on the User's computer or device after the browser has been closed and last for the period of time specified in the cookie. These persistent cookies may be checked each time the User visits the website where the cookie was generated or, in the case of third-party cookies, from another website that also uses the same service.

### What types of Cookie does MobyBots use?

MobyBots may use different types of cookies that may be set on the User's device. Here we explain what these are and why MobyBots uses them.

### Which Cookies does MobyBots Use in this Website?

To make full use of the features and services MobyBots offers, the User needs to accept cookies, as MobyBots can only provide Users with certain features in the Website by using them. Although MobyBots only set a few cookies directly, MobyBots also make use of some services which set their own cookies. MobyBots believes it is important to be clear about any cookies that are being set, and why, so MobyBots have provided the table below to explain this to the User. The User will not necessarily see all of the cookies referenced below stored on the User's machine after visiting the Website.

Although MobyBots audits the types of cookies that are used on our Website, it is possible that the services MobyBots uses may make changes to their cookie names and purposes.

Cookie	Description	Duration	Source
Strictly Necessary Cookies	small number of cookies that are necessary to allow the User to access and use MobyBots' Website. The use of these cookies is essential for the Website to function properly. For example, MobyBots uses session cookies during the duration of a session to keep track of the User's activity and ensure secure access.	Session	MobyBots
Functional Cookies	Recognizes if the same device/browser returns to the Website, to support user analysis.		MobyBots
Analytics and Reporting Cookies	Aggregates visit data so we can evaluate the effectiveness of our marketing channels and tailor future communications.		MobyBots
Secure Cookies	MobyBots uses secure cookies that are transmitted		MobyBots

	only over HTTPS to protect data and prevent cross-site scripting (XSS) attacks.		
Third-party cookies	While MobyBots primarily uses first-party cookies, some embedded content may set third-party cookies from external domains, which are typically used for analytics or technical tracking.	Varies (up to 12 months)	Session

### Why does MobyBots use Cookies?

MobyBots uses cookies to understand Website usage and to improve the content and offerings on our service and/or Website.

### Cookies configuration

If a User wants to control which cookies accept or not, they may configure their own browser to accept all cookies or to be alerted every time a cookie is offered by a website's server. Most browsers automatically accept cookies. The User can set its browser option to refuse receiving cookies and can also delete existing cookies. Please note, if the User chooses to block all cookies, our Website will not function as intended and the User will not be able to use or access many of the services MobyBots provides. If the User has blocked all cookies and wish to make full use of the features and services we offer, the User will need to enable their cookies.

The User must be aware that in case they do not configure their browser, they will be accepting cookies provided by this Website.

Rather than blocking all cookies, the User can choose to only block third-party cookies which will still allow our Website to function as intended.

The User may restrict, block or delete the MobyBots cookies or the ones from any other website using it's browser. In each browser, the methodology to disable cookies is different. Most browsers accept cookies automatically but let you modify settings to block or delete them. See the "Help" menu in your browser or visit:

Chrome

Firefox

Safari

Edge

If the User is using another browser, he/she/it can obtain more information on how to configure the installation of cookies through the help or assistance section of that browser.

If the User previously consented, User can delete cookies from its browser; the banner will re-appear the next time the User visit so it can set its preferences again.

### **Modifications**

MobyBots may update this Cookie Policy periodically to reflect changes in technology, legal requirements, or our practices. Any updates will be indicated by revising the “Last updated” date at the top of this page.

### **Contact**

In case the User has any doubt, they may email MobyBots at [info@mobybots.com](mailto:info@mobybots.com) and MobyBots will do its very best to help.
